

SOLARNOVAR

Thank you for inquiring about SolarNovar products and services; we can provide many options to your energy needs. For us to start this journey and to have a collaborative concept of solar energy and what we can do for you, we need some basic information. Please provide us with the following information and if you have any questions during this process, do not hesitate to call/email one of our team members listed below. *What happens next?* Once you provide this information, one of our team members will prepare an initial follow-up discussion with you within five working days. From there, we both will understand what you need and what we can do for you. Then we will perform a site visit and provide you a plan of action.
